Dear Mr. Greene:

Thank you for your recent request for National Coin Week supplies for your club. We were happy to hear that San Gabriel Valley Coin Club has planned to have NCW activities and will look forward to receiving your report of these.

Each participating member (and any business that assists you) will earn Certificates of Award for their activities and participation in 1967 NCW.

The two Coin Week cards are very helpful to place with exhibits or to use to make larger and more individual-type posters, with the addition of a picture of a coin or paper money, colored paper, etc.

If you wish more of the forms or have questions, please don't hesitate to write. We hope you will compete for the National Coin Week awards, but no matter what your activities please don't forget to submit the report so that you may be included in the records.

Best wishes in your numismatic endeavors.

Sincerely yours,

Rick & Virginia Bronson
